## Hidden Treasure of Nature

Motionless still, trust streams  
hovering tip-toeing mobilizing free  
thinking ordering homage distracting forth  
coming thoughts lost in gorges hopeless  
moments strapped lingering on trails  
that hesitate bolted poorly moving  
nested in pressed interest mingling  
desperately trying to mess your mindful  
best the lake treasures thinking measuring  
infinite truth motioning shores moving pebbled  
thinking waves renewing prolific troubled  
insecurities into creative constructive  
reasoning harnessing protecting  
tolerating back and forth  
freeing martial massive  
maverick passionate  
trapped thinking
