Do you believe...

THAT ALL PEOPLE SHOULD HAVE ACCESS TO COMMUNICATION?

Regardless of race, ethnicity, gender/gender identity, sexual orientation or socioeconomic status?

We do too!

Communication Equity is a nonspeaker led campaign created to increase communication access to all people, currently focusing on racial identity, ethnicity, and communication access. Through this survey, we are hoping to better understand and highlight the lived experience of BIPOC (Black, Indigenous, People of Color) spellers, their families and support people.

FILL OUT OUR QUICK SURVEY!

If you are a speller, S2C practitioner, and/or a support person for a speller (CRPs, parents, etc.) of any racial identity, please complete our survey.
